

Pajero accessories

Make your Mitsubishi your own, by selecting from our wide range of genuine accessories.

Front Foglamps

Add style, sportiness and functionality to your Pajero with these genuine foglamps. They integrate perfectly into the front bumper and enhance night vision and safety.
Note: Sold as a set of 2.

Foglamp Protectors

Designed specifically for the Pajero, these clip-on Foglamp protectors are made from heavy-duty acrylic to deflect flying stones from damaging your Pajero's fog lamps. They are easily removed and reattached for cleaning.
Note:
Sold as a set of 2 to suit left and right foglamps.

Front Skid Plate

This stylish and practical accessory lends a tough Character your Pajero and also helps protect the front underbody against damage. It is especially beneficial in off-road situations.
Note: This accessory is not compatible with the Nudge Bar.

Weather shields

These Weather shields deter rain and run-off water and wind noise from entering the cabin. This allows you to drive with your window slightly open during rainy conditions without the fear of water coming into the cabin.
Note: Available separately for the left and right front windows of the LWB Pajero and as a set of left and right for SWB Pajero.

Door Edge Moulding

This accessory provides a classy touch to your Pajero's side styling. Note: Available as a set to suit 4 doors for the LWB Pajero and 2 doors for the SWB Pajero.

Chrome Door Handle Protectors

These Chrome Door Handle Protectors protect your Pajero's paintwork (behind the door handles) from scuff marks caused by rings and keys. They also add a further touch of gloss to your Pajero. Note: Front and Rear Pairs sold separately to suit left and right doors

Chrome Door Mirror Covers

This stylish accessory adds a touch of class to the exterior of your Pajero. The covers slide over the exterior rear view mirror housing and replace the existing mouldings. Note: Suits all models with integrated turn-indicator lamps.

Steel Front Protection Bar

The Pajero's genuine Steel Front Protection Bar is made from pressed steel components. Like all Mitsubishi genuine protection bars, it has been specifically designed to Mitsubishi's stringent safety and engineering standards and is airbag compatible. This bar also complies with the new Australian Standard AS4876:2002 relating to Road User Protection. The genuine Front Protection Bar has met this Standard by adding energy absorbing panels onto the top of the bar. This means improved safety for you and other road users.

The Steel Front Protection Bar integrates with Pajero's styling and has been rigorously tested to ensure sufficient ventilation to the engine for cooling. It will help protect you, your passengers and your vehicle in the unfortunate event of an accident. In addition, mounting points are featured to suit the genuine Pajero Driving Lights.

Note: Available to suit all Pajeros.

Alloy Nudge Bar

This Alloy Nudge Bar has been specifically designed to suit the Pajero and is fully airbag compatible and tested to comply fully with relevant Australian Design Rules and Australian Standards. This bar does not replace the original bumper. The large tubular polished design helps protect your Pajero and lends it a tough character. It features pre-formed mounting points to suit Driving Lights and has been designed to not interfere with the front towing hooks or headlamps and indicators. The Nudgebar mounting system has also been engineered to reduce vibrations.

Rear Parking Assistance Sensors

This is a very useful feature when reversing. A series of audible beeps indicates how close the vehicle is to an object, helping you judge the distance of your Pajero to obstacles when reversing or parking. It is available to match the vehicle colour and the sensors integrate perfectly with the Pajero's rear bumper.

Rear Reversing Mirror

This useful accessory attaches onto the rear tailgate and allows you to reverse safely by providing a clear vision of the ground immediately behind you. This accessory is particularly useful when backing up to attach a trailer or caravan.

Rear Roof Spoiler

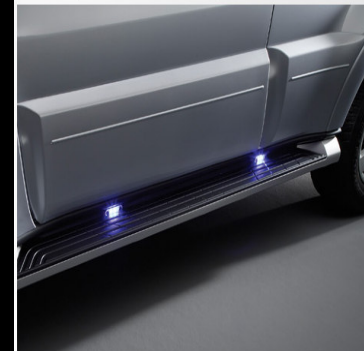

This sleek, aerodynamic spoiler adds a rugged and sporty character to your Pajero, and helps prevent excessive dust and dirt building up on the tailgate window. It is painted in body colour to integrate with your Pajero's bodywork.

Rear Dust Deflector

This stylish accessory is made from durable acrylic and mounts at the top of the tailgate. The Dust Deflector prevents the build up of dust and dirt that can collect on the rear window. It is especially useful for owners who live in the country and traverse dirt roads. It is also easily removed and reattached for cleaning. Note: Not compatible with Rear Reversing Mirror.

Side Step Illumination - Alloy

Impressive LED Side Step Illumination is available to suit the Original Equipment sidesteps. This accessory also helps make it easier to see the Side Steps at night.

Side Steps - Alloy

Aluminium Alloy Side Steps are available as a practical solution for easier entry and exit into the cabin. They feature a non-slip design that also enhances the look of your Pajero.
Note: Sold as a set of 2 for the left and right hand side and available to suit both LWB and SWB Pajeros

Sports Front Grille

Available to match your Pajero's body colour and featuring a sports black mesh finish this Sports Front Grille emphasises the ruggedness of your Pajero.

Rear Spare Wheel Lifter

For towing with your Pajero, this unique accessory lifts the mounting point of the spare wheel mounted on the rear tailgate - to provide additional clearance for towing equipment that requires additional height over the towbar.

Vinyl Spare Wheel Tyre Cover

This Spare Wheel Tyre Cover is made from durable vinyl and slips over the spare wheel tyre behind the cover. It is easily removed for cleaning.
Note: Not compatible with the Spare Wheel Lifter.

Hard Plastic Spare Wheel Tyre Cover - Half Size

When the accessory Rear Spare Wheel Lifter is used, this Half-Size Spare Wheel Tyre Cover is recommended. It is similar to the Full Size item, but due to the tyre being lifted, only the upper side of the tyre is covered. It also features an attractive hard plastic top cover that is colour-coded to the exact body colour of your Pajero.

Alloy Wheel Lock Nut Set - Flat Washer

Alloy Wheel Lock Nuts help to protect your alloy wheels from theft by requiring a unique key to loosen the Lock nut. The sight of the lock nut on an alloy is often a deterrent to would-be thieves.
Note: Sold as a set of 4 to suit the Pajero's alloy wheels.

Towbar Package

This Towbar package has been engineered specifically for your Pajero. It features a towing capacity of 3,000kg (with trailer brakes) and a 180kg downforce. The package includes the Towbar, Tongue, Wiring Harness and 7-pin flat plug. The Genuine Towbar harness is designed to disable the accessory Rear Parking Assistance Sensors from providing assistance when reversing. An accessory 50mm Towball and Chrome Towball Cover is also available separately to complement the Towbar package.
Note: The Towbar Harness is designed to automatically disable the RPAs when reversing. Please refer to the owners' manual for full towing details.

50mm Chrome Towball

A Towbar is not complete without a Towball. Mitsubishi offers a Genuine 50mm Chrome Towball to suit the Pajero Towbar package.

THULE Roof Rack Bike Carrier Attachment

Ideal for transporting bicycles, the Roof Bike Carrier works perfectly with the THULE Roof Racks to make carrying your bikes safe and easy.

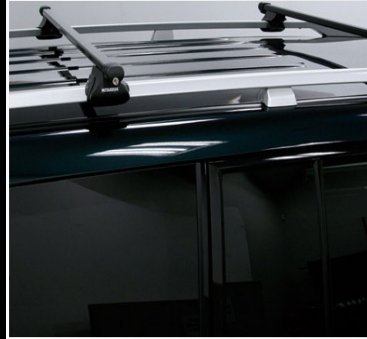

Note: Weight: 5kg

THULE Roof Rack Ski Carrier Attachment

Ideal for transporting skis or snowboards, the Ski Carrier works perfectly with the THULE Roof Racks to make carrying your skis safe and easy.
Note: Weight: 4kg

Roof Rack Cross Bars - (Carrying Capacity up to 75kg Max)

Comprising a Foot Pack, Bar Pack and Fitting Kit, these Roof Racks are engineered to the highest standards.
Note: Weight: 6kg. As the carrying capacity of this roof rack is rated at 75kg in total, when loading the roof the weight of the roof racks and accessories must be subtracted from 75kg to determine the available carrying capacity on the rack.

THULE Roof Rack Water Craft Carrier Attachment

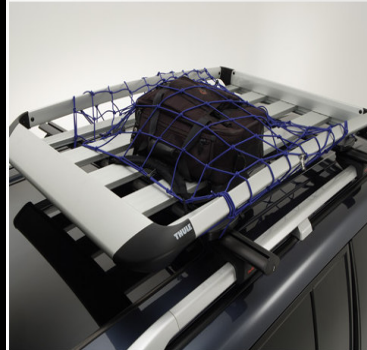

Makes the transporting of kayaks, canoes, small boats, sailboards or surfboards simple and easy.
Note: Weight: 3kg. Includes 2 tie-down straps

THULE Roof Rack Luggage Carrier Basket (Aluminium)

Perfect for transporting bulky items, this stylish and practical accessory will always be useful for those who transport a lot of items regularly.
Note: Weight: 13kg

THULE Luggage Net for Luggage Carrier

This is a perfect complementary accessory to the Luggage Carrier Basket. The Luggage Net holds down your luggage securely to prevent it from moving around in the Carrier Basket.
Note: Weight: 1kg

THULE Pacific Luggage Pods

Mitsubishi makes carrying extra cargo easy with the THULE Pacific range of Roof Boxes. Designed to complement the THULE Roof Racks, you will find a Roof Box to meet your every need.

Reversing Camera - Rear

Designed to be used with the In-Dash Satellite Navigation/ Audio Visual Entertainment system, the reversing camera allows you to view the area behind the vehicle when reverse gear is engaged.

Bonnet Protector

This Clip on Bonnet Protector is constructed of heavy duty acrylic and deflects flying stones from damaging the bonnet. Perfect for country use where damage is most likely to occur, the genuine Bonnet Protector is easily removed and reattached for cleaning.
Note: Available in Clear or Tinted finishes

Headlamp Protectors

Designed to follow the contours of your Pajero's headlamps, these clip-on Headlamp Protectors are constructed of heavy duty acrylic to deflect flying stones from damaging your Pajero's headlamps. Perfect for freeway and country use where damage is most likely to occur. They are easily removed and reattached for cleaning.
Note: Sold as a set of 2 to suit left and right headlamps.

Mitsubishi Multi Communication System

The new Mitsubishi Multi Communication System gives you total control over everything you need, all in one place and all easily accessible via the 7" full colour in-dash touch screen. It is really the ultimate total control system.

- You get total control with:
- 7" Touch Screen Interface
 - Satellite Navigation
 - Reversing Camera compatible
 - iPod Connectivity*
 - DVD Player
 - Audio integration with Rockford Acoustic Design™ Premium Audio System[^]
 - Maintenance information

*Optional dealer accessory cable required for iPod integration. iPod device not included. Optional dealer accessory Bluetooth kit.
[^] Rockford Acoustic Design™ Premium Audio System where fitted standard on the Exceed.

Bluetooth Hands Free Kit

With the genuine Bluetooth Hands Free Kit, certain Bluetooth-compatible mobile phones or PDA devices may be connected wirelessly to your Pajero's audio system. When a call is received, the audio system is muted and the call can be answered by pressing the dash-mounted button. Your caller will be heard through the audio system speakers. The kit also includes a dash-mounted switch for perfect integration into the instrument panel and a small pillar-mounted microphone.

Interior Rear View Mirror with Reversing Camera

This Interior Rear View Mirror incorporates a built-in visual display screen that displays video signal from a camera mounted on the tailgate when reversing. Both camera and mirror are supplied.

Satellite Navigation - In Dash

The Satellite Navigation system has been specifically approved by Mitsubishi for use in the Pajero. It replaces Pajero's existing audio system and is mounted in the dash. It features a large 6.5-inch wide display screen with touch panel functionality to make it one of the most user-friendly Satellite Navigation systems available. It also features multiple search modes, split screen displays, a map scale from 50m to 400km and full voice announcements and guidance.

Rear Separation Net

Not suitable for 2WD Pajeros, this accessory separates the rear cargo space from the passenger area.
 Note: Only suitable to be fitted behind the driver's seat to Pajeros without sunroofs and without Side Curtain Airbags. If fitting behind the driver's seat, luggage floor hooks (MZ521640E) are required. (Available separately)
 Suitable to be fitted behind the second row seats to all 4WD Pajeros. This accessory requires the Utility Hook (available separately).

Rear Seat Entertainment System

This accessory provides an ideal way to keep passengers entertained - especially over long distances! It features a ceiling-mounted screen with a large 9-inch clear display that is fully independent of the other audio/visual systems in the car.
 This system provides the capability to the rear passengers to watch DVDs and not disturb the other passengers using the included headphones. It also allows the rear passengers to watch a DVD, listen to music or even play games (with the supplied accessory RCA input sockets).

Cargo Barrier

This practical accessory has been engineered to withstand the severe impact of a loose projectile that may be thrown forward in the event of strong braking or an accident. These loose items may in certain situations become missiles that can cause severe injury to occupants. Made from impact resistant steel, the Cargo Barrier has mounting points in 2 positions. It has been designed to provide a safe exit from the Cargo Area to avoid entrapment and includes an integrated glass breaker.

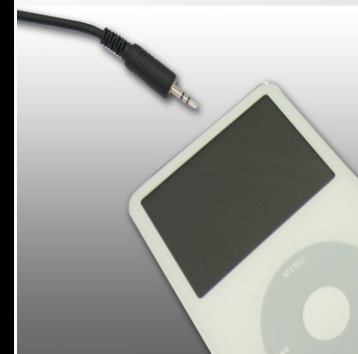

Note: Also available is a Front Strap Package to allow fitment behind the driver's seat. Compatible with Side Curtain Airbags when fitted in the Rear Position only.

Infra-Red Headphone Set

To compliment the Pajero's Rear Seat Entertainment System, you may add additional Infra-Red Headphone sets.
 Note: Sold individually.

iPod Audio Input Cable

This accessory provides the capability of plugging in your iPod or other auxiliary input device to your Pajero's audio system.
 Note: Not compatible with Rear Seat Entertainment System.

Cargo Liner - Hard Plastic

This practical accessory has been designed to suit the rear cargo area of your Pajero. It is made from sculpted hard plastic and features a raised outer lip to retain mud, sand and loose objects. It is easy to remove and clean. It is available as a two-piece liner that offers protection to the cargo area of your Pajero from the wear and tear of loading and unloading items likely to damage the carpet in the cargo area. The two-piece design means that you can also use just the rear section of the liner with the Pajero's third row seats folded up.

Note: Compatible with the Cargo Barrier.

Rubber Mats

Designed specifically for the footwells of Pajero, and available as a set of front and rear mats to suit both 4WD and 2WD Pajeros. The genuine rubber mats are designed to perfectly follow the Pajero's floor line contour and feature an anti-slip design for absolute safety. They are perfect for keeping your Pajero's footwells clean and can be easily removed for cleaning.

Embroidered Carpet Mats

These mats are designed specifically for the footwells of the Pajero and available as a set of front and rear mats to suit both 4WD and 2WD Pajeros. Carpet Mats improve the look of your Pajero's interior and also help to keep your Pajero's footwells clean. They are embroidered with the Pajero insignia and are designed to perfectly follow the Pajero's floor line contour. They also feature an anti-slip design for absolute safety.

Cargo Carpet Mat

Designed specifically to suit the rear cargo area contours of your Pajero, this mat will improve the look of your Pajero's cargo area and safeguard the underlying trim from damage incurred while loading and unloading. The mats feature Pajero insignia.

Cargo Net

This accessory has been designed specifically to prevent loose items in the rear of the Pajero from moving around. The net clips to existing anchorage points in the cargo area of your Pajero.

Dash Mat

The genuine dash mat is designed to suit the contours of the Pajero's instrument panel and also protects it from the harsh effects of the sun. It is made from carpet and features a moulded backing to allow for a perfectly integrated fit.

Cargo Blind

The Genuine Cargo Blind for Pajero is a must-have accessory for shielding your cargo and valuables in the rear from prying eyes and would-be thieves.

Note: Requires the Utility Hook (available separately).

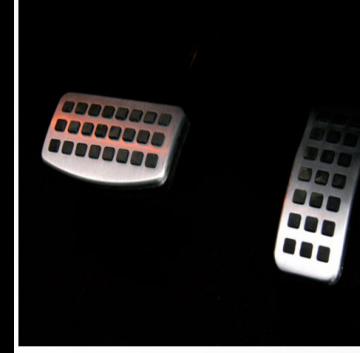

Scuff Plates - Stainless Steel (Front Only)

These attractive and stylish door sill scuff plates are made of brushed stainless steel and feature embossed Pajero. They will protect your front doors sills from scratches and rub marks that are inevitable as part of everyday wear and tear.

Note: Available in a set to suit the Front door sills for both 4WD and 2WD models.

Alloy-Look Sports Pedals

Give your Pajero a sporty look with these Sports Pedal Covers. They are available to suit both manual and auto models.
